SITUATION SUMMARY

Mass Casualty Incident, Antioch, Contra Costa County (Final)

- As of 1836 hours, All the patients had been transported and treated. The very preliminary totals are 17 patients transported with 10 to Sutter Delta and 7 to Kaiser Antioch. That does not include patients treated and released at the scene.
- Per the Cal OES Coastal Region, Contra Costa County OES is reporting a Tier 3 Mass Casualty incident at the Antioch Water Park in Contra Costa County. EMS and Contra Costa Fire are on scene.
- Per ABC7news: Officials are reporting at least 40 people, mostly children, are being treated for minor respiratory issues after being exposed to a chemical at Antioch's Prewett Family Water Park this afternoon.
 - At 2:29 p.m., emergency crews responded to reports of a child complaining of respiratory problems after swimming at the water park, located at 4701 Lone Tree Way, according to a fire inspector with Contra Costa Fire Protection.
 - The chemical exposure may be due to excessive chlorine that leaked into the pool, fire inspector Lisa Martinez said.
 - As of 4 p.m., 10 to 15 people had been taken to the hospital, the fire inspector said.
 - Parents have arrived at the park to pick up their children.
 - Hazmat crews have also arrived on scene to determine the cause of the exposure.
- Per Regional Disaster Medical Health Services (RDMHS) Region II in contact with Contra Costa County EMS:
 - They are reporting 20-25 patients total that are in need of treatment and transport.
 - Currently they are handling with surge of medical patients with no need for mutual aid medical resources.
- Per California Department of Public Health (CDPH) Licensing and Certification Division (L&C):
 - There are no impacts and no surge to L&C facilities from this incident.
- Cal OES Duty Officers continue to monitor the situation.

SITUATION SUMMARY

Lake Incident, Vegetation Fire, San Bernardino County

Location of incident: Jenks Lake, Hwy 38, Barton Flats area

Jurisdiction: FRA

Start Time: June 17, 2015 1600 hours

A Federal Responsibility Area (FRA) vegetation fire is burning near Jenks Lake, Hwy 38, Barton Flats area of San Bernardino County.

Per CAL FIRE, Cal OES Duty Officers and ICS-209 as of 06/18/15 at 11911 hours:

- 10,000 acres, 5% Contained

CRITICAL UPDATES:

- ICP to be located at Big Bear High School.
- Main focus at this point is to keep the fire south of highway 38
- The evacuations of the 400 people that were going to be evacuated by 1300 hours today, North SR38, Onyx Summit West to Angeles Oaks East, was completed.
 - None of the evacuees went to the shelter.
- The Shelter at Citrus Valley HS closed at 1600 hours. The children/teens were transported by Redlands School District to the University of Redlands Dorms.
- ARC another shelter on standby if additional evacuations are warranted.
- Potential Evacuations: 800-1,000 additional; also no sheltering is needed since they are camping and live locally

SITUATION:

- Actively burning with spot fires 1/2 to mile out. Spotting into heavy fuels.
- Difficult terrain with lots of insect killed trees.
- Main focus at this point is to keep the fire south of highway 38
- Minor damage so far to private property.
- Immediate threat to 150 structures including special use cabins and camps in the Jenks Lake area, historical cabins. 250 additional structures could be threatened in the next 24 hours.
- Mandatory evacuations in effect for Jenks Lake Loop, Hart Bar, and all cabins and campgrounds in the South Fork area.
- Commitment of CAL FIRE Air and Ground resources.
- ICP to be located at Big Bear High School.
- Type 2 team, Walker activated.
- Fire Perimeter: Jenks Lake Road West to Heart Bar Area

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

SITUATION SUMMARY

Lake Incident, Vegetation Fire, San Bernardino County (Cont.)

- Fire is heading for Pioneer Town in the Morongo Basin. San Bernardino County Environmental Health has alerted residents in the Morongo Basin about the air quality.
- Fire Management Assistance Grant (FMAG) was submitted on 06/18/15 at 0637 hours and after review by Cal OES, does not currently meet FMAG criteria and is on hold at this time.
- Cal OES Fire Assistant Chief has been deployed to the fire ICP
- Cal OES Law Branch Assistance Chief is enroute to the SREOC

Evacuations/Shelters

- The evacuations of the 400 people that were going to be evacuated by 1300 hours today, North SR38, Onyx Summit West to Angeles Oaks East, was completed.
 - None of the evacuees went to the shelter.
- The Shelter at Citrus Valley HS closed at 1600 hours. The children/teens were transported by Redlands School District to the University of Redlands Dorms.
- ARC another shelter on standby if additional evacuations are warranted.
- Potential Evacuations: 800-1,000 additional; no sheltering is needed since they are camping and live locally

SITUATION SUMMARY

Lake Incident, Vegetation Fire, San Bernardino County (Cont.)

Camp Closures

- The following camps have been closed through Saturday, June 20, 2015. At that time, fire conditions will be re-evaluated to determine whether they will be reopened.

Camp DeBenneville	Pines Camp Conrad
Camp TaTa Pochon	Camp Nawakwa
Camp Osceola	Sports Kids University
Camp Alpine Meadows	Camp Mile High Pines
Forest Camp	Camp Morning Star
Camp La Verne	Camp Edwards

Activations

- On 6/18/15 at 0433 hours, the Warning Center was advised by San Bernardino County that they activated their EOC at Level 1 on 06/17/15 at 2015 hours. Operational Period 0700-1900 and 1900-0700 hours.
-
- Cal OES Southern REOC activated at Level 1 on 06/18/15 at 0830 hours in support of San Bernardino County and the Lake Fire.

SITUATION SUMMARY

Lake Incident, Vegetation Fire, San Bernardino County (Cont.)

Medical/Health

- AQMD has issued a “health advisory” for the smoke, toxic inhalation hazard.

Road Closures

- Hard closure on Hwy 38 between Angelus Oaks and Lake Williams

Infrastructure/Utilities

- No major outages at this time. San Bernardino Environmental Health contacted camps to determine if there are any outages.
- Southern California Edison (SCE) Watch Office report there are some unconfirmed reports of damaged poles, however, there are no current impacts to the network.
- Per the SCE Fire Management’s morning report:
 - Transmission impacts: None
 - Distribution Impacts: Jenks Lake 12kV out of Converse Flats Substation is currently threatened. No damage reported at this time.

Critical Infrastructure including Hospital and Medical Facilities

- None reported at this time.

Emergency Management/Access and Functional Needs

- There are no requests for assistance or unmet needs at this time

Cal OES Duty Officers continue to monitor the situation.

SITUATION SUMMARY

Cook Fire, Yuba County

Location of incident: Highway 20 east of Browns Valley area of Yuba County.

Jurisdiction: SRA

Start Time: June 18, 2015 1305 hours

A State Responsibility Area (SRA) vegetation fire is burning near Highway 20 east of Browns Valley area of Yuba County.

Per CAL FIRE, Cal OES Duty Officers and ICS-209 as of 06/18/15 at 1756 hours:

- 180 acres, 25% Contained
- Moderate Rate of Spread
- 93 degrees, 17% RH, Wind NW @10
- Threat to a small community in the area and 230 KV powerlines

Evacuations/Shelters

- Yuba County OES reports an evacuation center has been opened at Alcouffe Center, 9185 Marysville Road, Oregon House.
- Cal OES Law Duty Officer reports per Yuba County Sherriff a mandatory evacuation notice from the top of Regent down the hill it is unknown on the number of homes affected..

Activations

- The Inland REOC has activated at Level 1 in support of the Yuba County OES activation for the Cook Fire and to monitor other fires burning within the Inland Region.

Cal OES Duty Officers are monitoring the situation and will provide updates as they become available.

SITUATION SUMMARY

Wildcat Fire, San Diego County

Location of incident: Barona Reservation off Wildcat Canyon Road and Akuunyaa Way, East of the Barona Casino

Jurisdiction: FRA

Start date: June 17, 2015 1700 hours

A Direct Protection Area (DPA) and Bureau of Indian Affairs vegetation fire is burning near Wildcat Canyon Rd. mile marker 7, Barona Indian Reservation of San Diego County.

Per CAL FIRE, Cal OES Duty Officers and ICS-209 as of 06/18/15 at 1745 hours:

- 170 acres and 68% containment
- Slow rate of spread.
- Burning west of Wildcat Canyon Rd. and East of Barona Golf Course.
- 1 residential structure is threatened.
- Per the San Diego Sheriff's Department 7 residents on the reservation were given advisory evacuations.
- No other homes/structures are threatened and no other evacuations advisories have been ordered.
- Per Cal Trans, SR-38 has been closed 10.6 mi east of the San Bernardino National Forest at Angelus Lodge Rd, to 5 mi west of the junction of SR-18 at Hatchery Rd.

Cal OES Duty Officers are monitoring the situation and will provide updates as they become available.

SITUATION SUMMARY

Air Quality

- Recent dry lightning strikes have caused many small fires in the Six Rivers and Shasta-Trinity National Forest as well as State Responsibility Areas.
- Current weather forecasts show the recent low pressure moving out of the area and replaced by a warming trend with drier weather and moderate to light winds over the area.
- The Saddle Fire, located in the Shasta-Trinity National Forest near the town of Hyampom, continues to produce smoke in nearby communities. At this time, smoke is laying in valleys but may lift and transport to further locations throughout the day. Satellite images show smoke traveled north toward Willow Creek and to the southeast past the Hyampom area.
- In Del Norte County, the Buckskin Fire located near Cave Junction, Oregon is producing smoke impacts in downwind areas southwesterly of the fire. Satellite imagery indicates that Smith River could be in the path of the smoke. Crescent City may also be experiencing smoke from the fire.
- Forecasting smoke impacts can be challenging as smoke can vary widely within just a few miles as Humboldt, Del Norte and Trinity Counties contain mountains, valleys, and a thousand different air flow patterns.
- Further Air Quality information will be provided to the public as updated information becomes available.
- For 24-hour Air Quality Information:
 - NCUAQMD's hotline toll-free at 1-866-BURN-DAY (1-866-287-6329)
 - Website: www.ncuagmd.org

SITUATION SUMMARY

River, Vegetation Fire, Stanislaus County

Location of incident: McHenry Ave. x River Rd., North Modesto

Jurisdiction: LRA

Start Time: 1520

- 25 acres, 0% Contained
- Moderate rate of Spread with spotting
- 97 °, 23 %RH, 15 - 18 MPH, NW
- Threat to Structures along River Rd. and McHenry Ave.
- Mandatory evacuations of River Rd. and McHenry Ave. residents.
- Per Stanislaus OES/Fire Warden a shelter is on standby at Riverbank Community Center, 3600 Santa Fe St, Riverbank.
- Commitment of CAL FIRE resources

Sky, Vegetation, Mariposa County

Location of incident: Road 632 x Highway 41, Sky Ranch Road in Cedar Valley

Jurisdiction: SRA

Start Time: 1431

- 10 acres, 0% contained
- Dangerous rate of spread
- 102 degrees, 14% Relative Humidity, 7-10 MPH North
- Evacuation advisory for the Calvin Crest area
- 100+ structures threatened, No threat to critical infrastructure
- Extensive Unit resource drawdown
- Per Madera OES a shelter is open to support the camp evacuations. It is at Sierra Vista Church, 39696 Highway 41, Oakhurst.
- A second shelter is on standby if needed to support the housing subdivisions. It is at Evangelical Free Church , 50443 Road 427, Oakhurst.

Triangle, Vegetation Fire, Mariposa County

Location of incident: Triangle Rd. at Nickel Plate Rd., Bootjack area

Jurisdiction: SRA

Start Time: 1203 hours

- 40-50 Acres, 10% Contained
- Mandatory evacuations still in effect.
- Per Mariposa Sheriff there was a mandatory evacuation order but it was only in effect for approximately 30 minutes and then downgraded to a voluntary evacuation where it remains currently

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- Excessive Heat Warning remains in effect through Monday 06/22/15 2000 hours for areas in Riverside and Imperial Counties.
- Excessive Heat Warning now in effect from Thursday morning 06/18/15 through Monday evening 06/22/15 for areas in Inyo and San Bernardino Counties

Active Weather Warnings, Watches and Advisories by County: http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

Northern Region

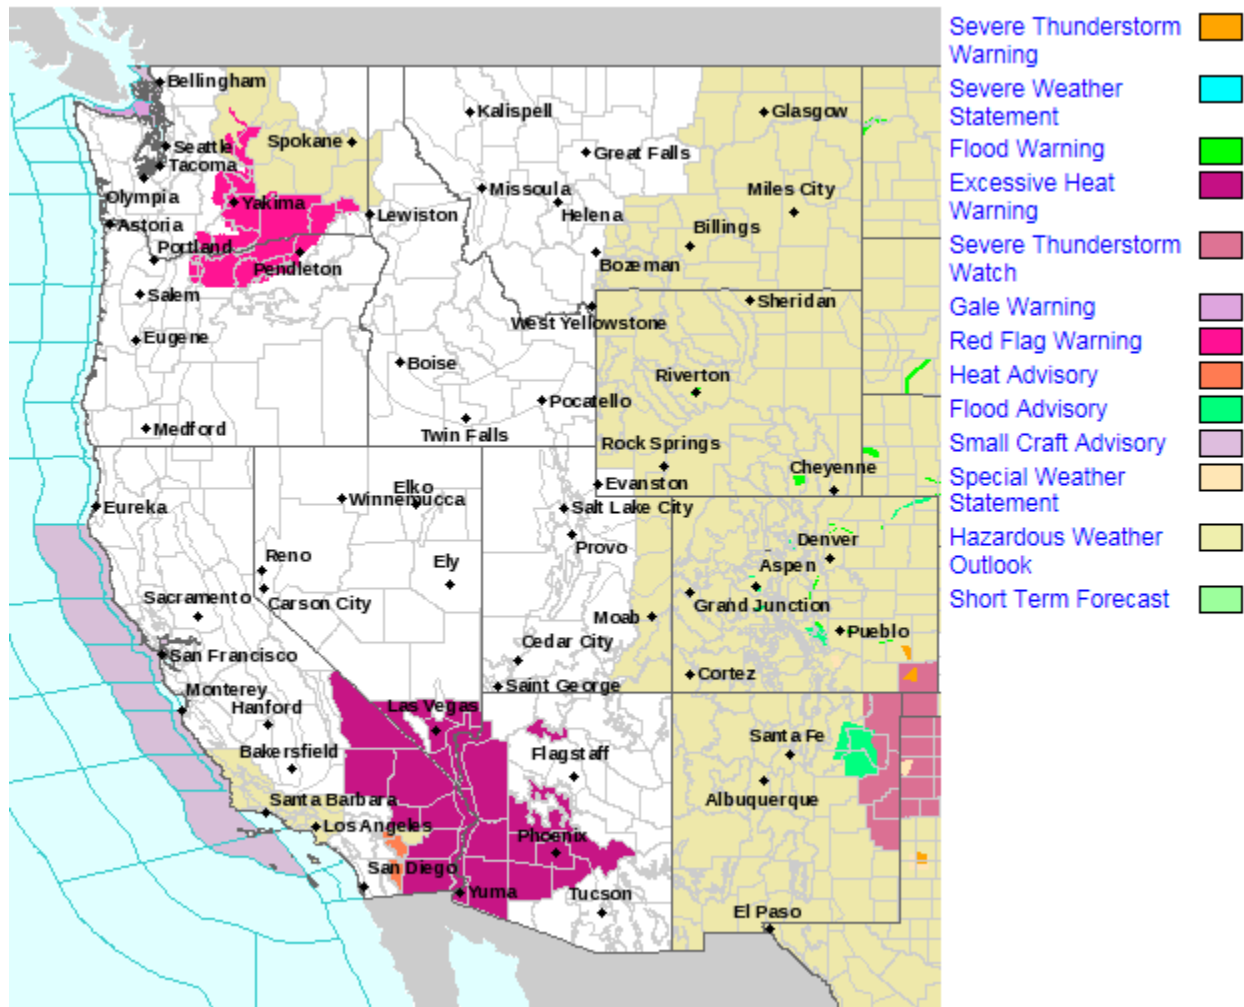

Northern California will continue to be sandwiched between low pressure in the Eastern Gulf of Alaska and high pressure over Southern California through Saturday. The resulting southwest to west or onshore flow will keep coastal areas cool and humid, but inland areas and higher elevations will continue to be dry with afternoon temperatures around 10-12 degrees above normal. Areas east of the Cascade and Sierra Crest will see afternoon winds gust to 25 mph with relative humidity dropping to 8-13% today, and slightly lighter winds tomorrow. An area of low pressure will approach the Pacific Northwest Sunday and Monday and cause an increase in southwest flow over Northern California. Temperatures are expected to cool a bit during this time and a few afternoon buildups are likely in the far northern end of the region. The low pressure will weaken and the high pressure will strengthen beginning Tuesday, leading to a warming trend during the middle and late part of next week.

Southern Region

High pressure aloft will become centered over southern California by Friday. High temperatures across the inland valleys will climb to within a few degrees either side of the century mark each day through Saturday. The mountains below 6,000 feet will see highs reaching the 80s to mid-90s during this same time period, while the eastern deserts will be near 115. Minimum humidity values away from the coast and above 1,500 feet will drop into the single digits for about an 8 hour period during the day, with poor overnight recovery. The marine layer will remain shallow with night and morning low clouds and locally dense fog confined to areas near the coast. These clouds will burn off by mid-morning with only partial clearing near the beaches. Moderate to strong onshore flow will generate afternoon sea breezes of 10 to 20 mph over the coastal areas, but most mountain areas will have diurnally driven winds. Across the desert areas, southwest to northwest winds of 15 to 25 mph along with higher gusts will be common each afternoon and evening across the Tehachapi Range, the Antelope Valley, and the Banning Pass to mention a few areas. Gusty northerly winds may surface across the Santa Ynez Mountains Friday night into Saturday morning, but overall onshore flow will decrease over the weekend with less wind expected across the deserts. A slight cooling trend is expected to begin across the inland areas by the early to middle part of next week, but daytime highs will still be slightly above normal for this time of year. No thunderstorms are expected through next week.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regional (Inland, Coastal, Southern) conference calls continue to occur on a weekly basis.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Local Emergency Proclamations:

A total of 57 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 25 Counties: El Dorado, Fresno, Glenn, Inyo, Humboldt, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 11 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Montague (Siskiyou County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), and City of West Sacramento (Yolo County), City of Willits (Mendocino County), City of Manteca (San Joaquin County), City of Porterville (Tulare County).
- 9 Tribes: Cortina Indian Rancheria (Colusa County), Hoopa Valley Tribe (Humboldt County), Karuk Tribe (Siskiyou/Humboldt Counties), Kashia Band of Pomo Indians of the Stewarts Point Rancheria (Sonoma County), Picayune Rancheria of Chukchansi Indians (Madera County) Sherwood Valley Pomo Indian Tribe (Mendocino County), Tule River Indian Tribe (Tulare County), Yocha Dehe Wintun Nation (Yolo County), and Yurok Tribe (Humboldt County).
- 12 Special Districts: Carpinteria Valley Water District (Santa Barbara County), Goleta Water District (Santa Barbara County), Groveland Community Services District (Tuolumne County), Lake Don Pedro Community Services District (Mariposa Stanislaus County), Mariposa Public Utility District (Mariposa County), Meiners Oaks Water District (Ventura County), Montecito Water District (Santa Barbara County), Mountain House Community Service District (San Joaquin County), Nevada Irrigation District (Nevada County), Placer County Water Agency (Placer County), Tuolumne Utilities District (Tuolumne County), and Twain Harte Community Services District (Tuolumne County).

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
